Professional Summary

Results-driven Software Engineer skilled in building scalable, user-focused applications using Python, Java, JavaScript, React, and Go. Experienced with Flask, Spring Boot, and Django, and proficient in MongoDB and PostgreSQL. Passionate about problem-solving, clean code, and delivering intuitive solutions with a strong eye for design.

Core Skills

Programming: Java, Python, JavaScript, TypeScript, Go

Frameworks: Flask, Spring Boot, Django, React

Databases: MongoDB, PostgreSQL, MySQL

Web Development: HTML5, CSS3, Tailwind CSS, Chakra UI, Responsive Design

Tools: Git, Postman, Docker

Practices: OOP, TDD, API Development, Layered Architecture

Design Tools: CorelDRAW, Photoshop, Figma

Computer Instructor & Web Developer — *Gazar Tech Computer Training School, Cele Okota, Lagos*
2020 – 2022

- Taught HTML, CSS, JavaScript, and basic Python to over 50 students, improving class performance by 30%.
 - Designed and launched an internal class scheduling web app, reducing admin workload by 40%.
 - Mentored students on real-world projects, leading to 10+ graduates securing entry-level tech jobs.
-

Software Engineering Training Projects — *Semicolon Africa*
2025

- Built a **full-stack expense tracker app** using Flask and MongoDB with user authentication, budgeting, and report generation.
 - Developed a **hotel management system** with Spring Boot, PostgreSQL, and layered architecture.
 - Created **responsive dashboards** in React with chart visualizations from API data.
-

Graphics Designer & Social Media Manager — *Susmine Beauty Lounge, Ago Palace Way, Lagos*
2024 – Present

- Designed promotional flyers, social media posts, and branding materials, increasing online engagement by 50%.
 - Created consistent brand identity across all platforms, improving customer recognition.
 - Collaborated with marketing team to design monthly campaign visuals, boosting customer visits by 20%.
-

Additional Experience

HR Officer / Solar, Inverter & Camera Installation Coordinator — *Resilience Energy, Cele Okota, Lagos*
2022 – 2024

- Managed recruitment and onboarding, filling technical positions in under 2 weeks on average.
 - Coordinated 50+ solar and security camera installation projects with 95% on-time delivery.
 - Streamlined installation workflow, cutting project delays by 20%.
-

Phone & Laptop Repair Technician — *Real Tech, Lawanson Surulere, Lagos*
2018 – 2020

- Diagnosed and repaired over 300 mobile devices and laptops, reducing customer return issues by 25%.
 - Implemented efficient repair tracking system, improving turnaround time from 5 days to 3 days.
 - Provided excellent customer service, leading to a 40% increase in repeat business.
-

Education

- **Semicolon Africa** — Software Engineering Certificate (2025)
 - **Henley Business School** — MBA Certificate (2025)
 - **National Open University of Nigeria** — B.Sc. (*In progress, 2024–Present*)
 - **Okota Senior Secondary School** — SSCE (2020)
-
