PROFESSIONAL SUMMARY

Software Engineer with strong experience in Python and Java, building backend and full-stack systems using **Flask, Spring Boot, React, and Next.js**. Skilled in designing **RESTful APIs**, working **with MongoDB and PostgreSQL**, and applying clean, **layered and hexagonal architectures**. Experienced with event-driven systems (**Apache Pulsar**), secure identity management (**Keycloak**), Docker, and production-style development. Focused on clean code, scalability, and intuitive solutions.

TECHNICAL SKILLS

Languages: Java, Python, JavaScript

Backend: Spring Boot, Flask, Django

Frontend: React, HTML5, CSS3, Tailwind CSS, Chakra ui

Databases: PostgreSQL, MongoDB, MySQL

Architecture: Layered Architecture, Hexagonal Architecture, Microservices (basic)

Tools & Platforms: Git, Docker, Postman, Keycloak, Apache Pulsar

Practices: REST API Design, OOP, TDD (basic), Authentication & Authorization

EXPERIENCE

Software Engineer (Projects)

Semicolon Africa — 2025

Built a full-stack expense tracker application using Flask and MongoDB with secure user authentication, budgeting features, and report generation.

Developed a hotel management system using Spring Boot and PostgreSQL following layered architecture and REST principles.

Implemented backend APIs consumed by React dashboards with data visualization.

Applied clean code practices, version control (Git), and API testing with Postman.

Computer Instructor & Web Developer

Gazar Tech Computer Training School, Lagos — 2020–2022

Taught HTML, CSS, WordPress, and basic web development to 50+ students, improving learning outcomes by 50%.

Designed and deployed an internal class scheduling web application, reducing administrative workload by 40%.

Mentored students on real-world projects, contributing to 10+ graduates securing entry-level tech roles.

Graphics Designer & Social Media Manager

Susmine Beauty Lounge, Lagos — 2024–Present

Designed promotional and branding materials, increasing online engagement by 50%.

Collaborated with marketing stakeholders to deliver monthly campaigns, boosting customer visits by 30%.

Phone & Laptop Repair Technician

Real Tech, Lagos — 2018–2020

Diagnosed and repaired 300+ devices, reducing repeat issues by 45%.

Improved repair turnaround time from 5 days to 3 days through better tracking and workflow.

EDUCATION

Software Engineering Certificate — Semicolon Africa (2025)

MBA Certificate — Henley Business School (2025)
